GREENGOOSE BRAND STORY

World

Goose

Leaf

Circular Form

It represents the earth and a global mindset. It signifies a structure encompassing a safe zone.

Type

Powerful with its extended weight, modern with its oval edges, legible with its proportional spacing.

Leaf

It signifies the nature. Its lines blanketing the earth symbolizes an environmentally-friendly structure.

Flying Goose

A reference to the Swedish Culture and 25 years of experience. The Earth-Bearing Goose is a symbol of power and transportation.

GREENGOOSE IS A BRAND NEW FACE WITH 25 YEARS OF EXPERIENCE

25 years ago, we embarked on this adventure producing pizza boxes in Sweden under the name Ack Pack, and over the years, we achieved tremendous success through prospective projects and goals while prioritizing human needs.

In 2008, we established Multipak A.Ş., a paper cup, plate and cake mold manufacturer ranked among the top three companies of Europe in its respective sector, followed by Ack Soft, which manufactures sanitary papers, thus increasing our production power and sectoral knowledge, and maintaining continuous growth in the sector.

Apart from the manufacturing companies, we do the marketing for the manufactured products through our company, Multipak Scandinavia AB, and provide product sales, logistics, and warehousing services to Scandinavian countries through our Sweden-based company, Ack Pack AB.

In 2019, we decided to bring together our wealth of experience under Stamper's roof, including in our new company structure a new brand, GreenGoose, through which we will maintain our conservationist approach and marketing of eco-friendly products.

MISSION

Our mission is to provide high-quality and affordable services by holding onto ethical values, respecting consumer rights, complying with “Food Safety” practices, and using eco-friendly materials and state-of-the-art technology, with the help of our qualified team of specialists.

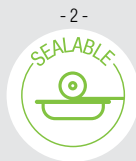

VISION

In addition to offering environmentally-conscious, bio-degradable, hygienic and food-safe bio and compost products and innovative products, our vision is to also produce economical solutions for eco-friendly food packaging with an aim to share the know-how we have acquired in Sweden, the pilot region of Europe in this regard, with our conscious consumers, and popularize the use of the resulting products.

GreenGoose Main Products Category
consist of three main product groups:
Plates, cups and cutlery.

Concept sets can be created by printing on the product or it is offered to the consumer as the main product, according to consumer needs.

MAIN PRODUCTS

"GreenGoose procures needed raw material from companies which produce trees specifically to meet the need, instead of cutting trees."

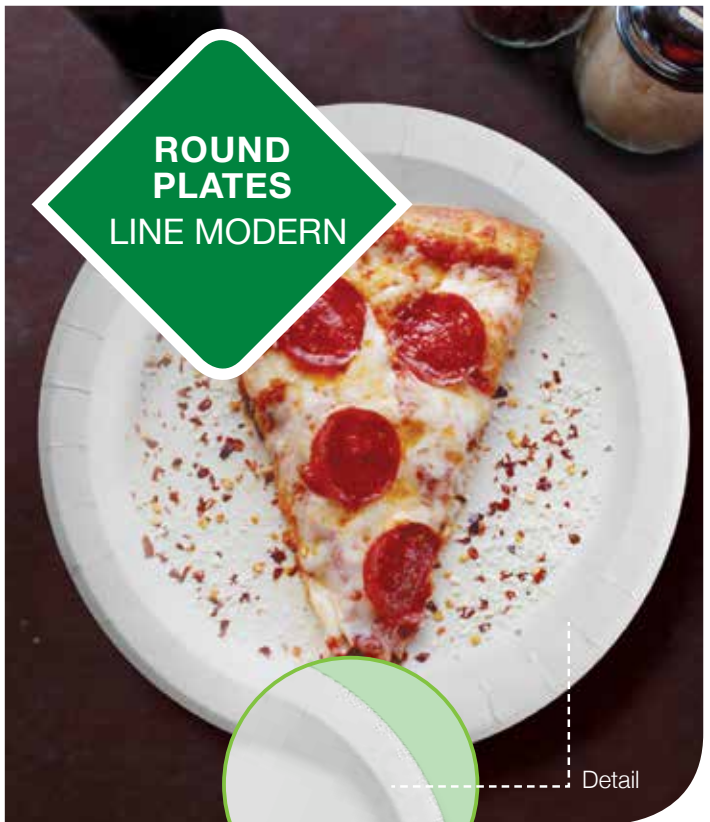

Besides standard plates that offered to you in **GreenGoose Plates Category**, we can produce plates in preferred sizes, and preferred forms (**round, ellipse, square, rectangle, polygon**).

You can order unprinted or custom printed plates for your company.

PLATE SURFACE COATING TECHNICAL DETAILS

STANDARD

Our Standard plate is the best choice for dry foodstuff. The high development and high quality of the product have made our Standard plates preferred by many of our customers. The perfect combination of price and quality.

UNBLEACHED

The new Brown range is the new face of Eco-friendliness.

The carton in these plates is not subjected to any bleaching process, giving them a more natural look.

OPTIONS

LAMINATED

Our laminated plates have an indefinite barrier against grease and moisture.

Most of our printed plates are laminated.

*Bio*barrier

Bio-coating is a treatment that allows the consumer to enjoy any type of food on his disposable plate.

The bio-coating is a water-based lacquer that is 100% biodegradable.

We present different sizes of paper cups and paper lids in **GreenGoose Cups Category**.

You can order unprinted or custom printed plates for your company.

Environmentalist GreenGoose Catalog

Swan Nordic Ecolabel Certified paper is used for the cover of this catalog. Also, **FSC certified** paper is used on the inside pages.

A lush green forest with a stream flowing over mossy rocks. The scene is vibrant with various shades of green, from deep forest greens to bright, sunlit foliage. The water in the stream is clear and flows gently over large, moss-covered boulders. The overall atmosphere is serene and natural.

**If you require detailed
information before meeting us...**

You can reach all information regarding our founders, company history, raw material policy or our quality certificates by visiting our website which reflects **GreenGoose** perfectionism.

Let's meet for customized products...

If you want to get to know us closer and see all **GreenGoose** privileges, to add value and profit to your business, we would be more than happy to be one of your most important suppliers...
